

## **TYLER**

**I am a lonely person  
I wonder if I will ever see him again  
I hear him telling me what right things to do  
I see him laughing and having a great time  
I want to see him again  
I am a lonely person**

**I pretend to see him again  
I feel him touching me to say he is okay  
I touch him when he wants me to know that he is real  
I worry I might not see him again  
I cry when I think about him  
I am a lonely person**

**I understand that he is having fun  
I say that I will see him again  
I dream of him hugging his mom, dad, and brother  
I try to see him one more time  
I hope I see him again  
I am a lonely person**
